INCIDENT MANAGEMENT WORKSHEET / INCIDENT ACTION PLAN

The Incident Commander has a number of tools at their disposal for documenting incident actions. The Incident Management Worksheet can be used to document most 1st alarm incidents. As the incident escalates, a more formal plan of action is needed. The Incident Action Plan helps the Incident Commander logically plan the priorities of the incident. It will normally include the objectives, assignments, safety messages, communications, and medical plans. Examples of the Incident Management Worksheet can be found in OPS-GEN-411.6B. Examples of the Incident Action Plan can be found in OPS-GEN-411.6C.
