VOLUNTEER

VOL – 902

Introduction

Issued: June 10, 2014

This manual is designed to inform all volunteers of the working guidelines for the District and to provide volunteers an understanding of what is expected of them. It is also intended to ensure consistent, fair, and uniform treatment of District volunteers.

The District reserves the right to vary, modify or change these policies and procedures from time to time, as the District deems appropriate. Nothing contained in these policies and procedures shall create or confer any property right in continued volunteer or employment status, or constitute an express or implied contract.

Volunteers and the District each reserve the right to end the volunteer relationship, with or without cause, at any time. Further, except as might be approved in writing by the Board of Directors (the Board), no person has the authority to enter into an agreement on behalf of the District providing for continuation of volunteer status for any specified period of time, or to make any agreement contrary to District-approved policies.

The Fire Chief shall have the discretion to vary or modify the strict application of the provisions of these rules in any case in which the strict application of said provisions would result in practical difficulties or unnecessary hardships. The Fire Chief shall not be required by any personnel to exercise his or her judgment or discretion to vary or modify any rule or policy.
